1. Arisu in Chainland

They came out of nowhere. Freaky gold Chains and monster trying to collect them. Being in the Special Military, you think you'd get used to them, butâ€¦.

Soldier: Move, Move, Move!

Sargent: Come on people, move your asses! I trained you better than that!

These monsters, they were everywhere. And not in a good way. We were getting hammered.

Soldier: Argh!

Soldier 2: Target left! High left!

Soldier 3: New target right!

Soldier 4: I'm hit! I'm down!

Sargent: Beta squad, move in! DOnt make me come over there and kick your ass!

My squad moved in. I'm the one with the mask and dual pistols with submachine guns. Name's Ricky.

Sargent: Rickshaw! Move your ass! This is a battlefield, not a walk in the park!

Ricky: I'm going as fast as I can, sir!

Sargent: Not fast enough! Move it, slacker!

Suddenly as I ran, a lady in revealing attire with bunny ears showed up.

Soldier: What the hell?

Rabbit girl: Oh, I in very wrong place, desu. I seem lost to you, yes?

Sargent: Listen, lady. You got five minutes before we blow your ass toâ€¦

She cut down the soldier in front of her in seconds.

Soldier 2: Shit! Open fire!

The fired on her, but she was too quick as she got to the sargent.

She slashed at him with two slices, then blasted him with a hidden laser in her watch, a bunch of cards then showed up, exploding and taking him with them as the girl posed.

The rest of the squad was cut down, and I was the only one left.

Rabbit Girl: You be good prisoner now, yes? I need you for BSAA just few minutes, okay?

Further away- Chris's POV

Chris: Phew, well we made it in. This is supposed to be the rendezvous point, right?

Jill: Yeah. Shinra was supposed to be here. It's probably a good idea to investigate, but bad all the same.

Jill was right. She and I were to meet with the Shinra agents minutes ago, but still no one's come. These gold chains are everywhere, and they're supposed to be the experts. BSAA only deals with BOWs, not mysterious chains in the ground.

All the same, this isn't the first time Jill and I have done this.

Thinking back, we've been into stranger situations than this one, like the situation with the portal stone. Back then, we teamed up with some old friends, and new ones. And I don't know why, but this is leading to something big just like last time. We both take a chance and walk over to the nearest chain. Jill takes out the Genesis and scan's it.

We barely even have enough time to get the reading before monsters show up.

Chris: What are these things?

Jill: They look like Ouma's, but not the normal variety.

Chris: Either way, they're hostile. We need to take them out. Hopefully before those two get here.

Jill: Right behind you.

Battle start:

Chris: Time for a combination, Jill.

Jill: I think I should have brought more weapons.

We start off by attacking barehanded then using our weapons as jill dashes past me and does a cartwheel kick, and I fire my magnum. We also employ Jill's aerial combo and my backhand.

K.O!

The monster goes down without a fuss.

Battle end:

Chris: You overestimated us. Big mistake.

Jill: Mission complete. Let's keep moving.

We are able to take out another one before three more show up. These are rats with big claws.

There's no doubt about itâ€¦

Jill: I knew it! These are regular Ouma monsters!

Chris: Should've known. They wouldn't miss a chance to spread chaos.

Suddenly, another face shows up. It's a, umâ€¦ heavily armed woman with revealing clothing and bunny ears.

Rabbit Girl: Oh! BSAA is here definitely desu. Very happy here desu.

Chris: Stand down! Weâ€¦

Rabbit Girl: No guns, two. No want this boy to be very hurt, okay?

She has something with her as a young soldier tied up is brought in.

Crap, she's got a hostage!

Rabbit Girl: Name Sheath from Ouma America. Let Sheath collect chains and boy go free free.

Ricky's POV

So that's what she wanted me for.

This Sheath lady could have easily taken them both on, but if she's after the chains, she needs me. My unit is gone, and Chris and Jill are at her mercy.

And to top it of, her speech pattern is very wrong. It's like she's trying to fit in at a Japanese languageâ€¦.

Oh.

Then I do the worst thing i ever did.

Ricky: You aren't planning on using the chains. You just want to steal them, right?

Sheath: Naughty boy no ask about Ouma's plan. Sheath must collect then bring them and you to Japan to meet with main Ouma branch.

Male voice: Wait!

Suddenly, an armored vehicle shows up and two people come out. One has white and black hair with a ton of swords and the other has hair like a nine tailed fox and wields a staff.

Male with swords: I think you already know who I am, Ouma.

Sheath: Oh! Reiji Arisu. You as prettyman as everyone say desu!

Fox Girl: The heck? What's with her accent?

Sheath: Me am Sheath from Ouma America. Please to be meeting you, desu.

Ricky: What's that supposed to mean?

Reji: It means the Japan division is having trouble, so the american side sent somebody from over here. Am I wrong or notâ€¦.Saya?

Suddenly, this other girl in revealing attire with fox attributes and silver hair shows up, and she has the same thing as that Reji guy does.

I think I feel a little uneasy hereâ€¦.

Saya: That's right, boy.

Reiji: Saya, what are you and Ouma planning?

Saya: I'm working. As for the chains, it's a secret. You'll just have to wait till we finish getting all of them.

Sheath: Saya, what we do with army boy, desu?

Saya: I'd be glad to take care of that excess baggage for you, Sheath dear.

The white haired chick points a gun to my head. I'm done, I thinkâ€¦ but thenâ€¦

My right eye glows red and my instincts heighten. I turn my head to

dodge the dun shot and break my cuffs, kicking both away. I snag a fallen sniper rifle and a long sword and back flip to the others.

Fox Girl: Whoaaa! How did you do that!?

Ricky: I dont know how that happened, but i did it, and it was weird. Waitâ€¦

The med experiment I volunteered for...it actually wasn't a failure? So the stories of Slade Wilson getting enhanced moves from that one experiment were true?

I...I'm able to do the same things he does?

Saya: Well, looks like the boy's more special than we thought.

Sheath: Boy like superhero in comic books and manga desu.

Saya: Well, well just step it up.

I turn to the BSAA and Shinra agents.

Ricky: My names Ricky. Ricky Shaw.

Chris: Chris Redfield, top BSAA agent.

Jill: Jill Valentine, same.

Reiji: Reiji Arisu, of Shinra.

Fox Girl: And I'm Xiaomu. Shinra Agent as well.

Ricky: Guess I'm with you on this. Ready?

Chris: Got plenty of ammo. Might as well use it.

Reiji: Come on! Together we can do this!

Ricky: Hit it!

Chapter 1: Arisu in Chainland

Ricky: Uh, what? DId anyone else just hear that?

Xiaomu: Don't worry about it. You'll get used to it.

Reji: So, are you backing us or the BSAA first?

Ricky: Huh?

Chris: We go in teams of two, and a single unit backs us up.

I think I get it, but I never thought I would be the odd man out. But, I'm just glad to be alive. Now I need to keep fighting until I can make it back home safe and sound. I have to fight to survive.

Okay, Crunch time. Do I play it safe and back up the BSAA, or get

myself familiar with who shinra has sent?

I decide to help the Shinra members as they engage theâ€¦ what ever that girl is.

Battle start:

Reji: You have guts facing battles like this.

Xiaomu: Yeah! You're like some brave idiot.

Ricky: Brave, yes. Not sure about the idiot part.

Reji attaks with those guns and blades in his sheath while Xaiomu does some weird magic. On occasion, she wields those guns too. I see an opening and move in.

Ricky: Okay, here goes!

I do a spinning slash entering and then dash into the Saya girl. I throw my sword up and blast her consecutively with my pistols, backhand her and kick the falling sword into her body.

Ricky: Time for the big finish!

I use my SMGs to fill her up with lead and then dive kick into her.

Battle end:

Ricky: Dang, shes tough...

Reiji: You don't have to deal with her on a 24 hour basis.

Xiaomu: Yeah. See how under slept Reiji is?

Saya: Not bad, new boy. I actually felt that one.

Ricky: Hey, youre the one who's trying to seduce me and him, no judging.

Xaiomu: Trying? You mean you're into her?

Ricky: No! I mean, she's hot! I mean not hot, she's evil!

Saya: Make up your mind, honey bunch.

Ricky: Sigh. No one said this was gonna be easy.

Chris: Seconded. But we need to stop Ouma before they escape.

We handle the rest of the monsters with ease, but Sheath and Saya are harder to take down. It's like they're used to punishment or something. It takes a bit, butâ€¦ we finally get Saya down.

Saya: Well, I think they've made thier point, this chains off limits.

Ricky: What is with you? Are you like some sort of monster or something?

Saya: Werefox. But that's all you really need to know. That and I am an agent of Ouma.

Sheath: Sheath as well! I'm wererabbit. But you already knowing this, desu.

They teleported away before we even realized it.

I turn back to the agents and weigh my options.

I'm the last american soldier stationed here, and I just stumbled upon some major threat. Question now is, do I turn tail and head back to the base, or do I go with them and try and stop this. I already know the answer to this important question.

Ricky: Listen, I don't care what you tell me. I am going with you guys no matter what!

Suddenly another person comes out of the transport.

Reiji: Doc.

Xiaomu: This is Urashima. She's our scientist.

Urashima: Listen, I'm getting some strong signals coming from a nearby alley neighborhood. A good place to check out. And you, you can come. What was you misson anyway?

Ricky: Shadaloo. My company was sent here to meet with Chun-Li because they stole BOWs and manufacture them. They also put the blame on Heihachi for a certain...incident. He even called in some big time lawyer in America. I think I know who it is.

Xaiomu: Phoenix Wright?

Ricky: Huh? How do youâ€¦

Reiji: Don't bother asking that question. We need to head over there immediately.

Ricky: Right. You dont mind me with you?

Urashima: We got plenty of room on the Dragonturtle MK I, and if youre with us, you can definitely get your mission done.

Ricky: You bet. I can't let my friends and comrades die in vein.

2. Like a Dragon

We open up to a seedy alleyway of zombies where we see a man in a blue suit and a girl in a shrine maiden like outfit trying to stay out of their clutches. This is Phoenix wright and Maya fey.

Phoenix Wright's POV

Okay, where do I begin. I'm in Japan with Maya, being chased by zombies and am nowhere near my client. Yeah, pretty normal day.

Except I'm gonna die.

Maya: Nick, what's happening?

Phoenix: Even for me, I'm not entirely sure.

I was convinced this was some sort of Steel Samurai or Pink Princess shoot at first, but now, I'm not so sure about that. And these walls, they appeared so fast.

Phoenix: Maybe if we get through these gaps.

It was then I ran into something big. I looked up a man with pointed black hair and a muscular frame.

Man: So, are you Phoenix Wright, my lawyer?

Phoenix: Yesâ€¦ wait, youre my client?!

Man: Yes. I am Heihachi Mishima and you are to prove me innocent and blame Shadaloo.

The King of the Iron fistâ€¦ framed by Shadaloo? I know them from a couple of files, but I never worked with them directly.

Phoenix: So Shadaloo blamed you for this, and this event and your crime is linked?

?: Wait, you know who did this? Spill it, prof!

As we locate the voice as one of thoseâ€¦ things show up and Heihachi raises a fist, a man with a loose jacket and eyepatch drops on it with a knife and kicks it away.

Heihachi: So, a representative of the Majima Family is here now?

Maya: Nick, this guy's totally a Yakuza! Wait, I think we've seen him before.

Man: Yeah. Goro Majima. You helped defend me a while back, prof.

Phoenix: You?

Heihachi: This is indeed the current head of the Majima family, called the Mad Dog of the Shimano Family. A Yakuza legend.

Goro: Guess youre defending the King of the Iron Fist now, though why meet up in our part of the city, full of these creeps no less?

Ugh, does he have to lay it on? But he's right. If Heihachi was framed, I had to be the best attorney to call up. Though if Shadaloo really is behind it, I have no clue how to vouch for his innocence. There isn't likely to be any evidence.

Goro: I think we'd better worry about Mishima's innocence until later. RIght now, we need to get out of here.

Heihachi: By fighting, no less!

Is he serious? The only experience I had in these situations was that one time during that Galactus incident. Back then, I used my skills, butâ€¦

Maya: C'mon Nick, you can do it! Lay em flat with a big ol' 'Objection!'.

Phoenix: I think that's a bad ideaâ€¦

Maya: Wait, someone's coming!

I turn to see some army individuals and some people in red and black clothing. Who are they?

Ricky's POV

Urashima intel was definitely right.

I see Phoenix and Maya, and Heihachi too. But why is a Yakuza leader here? This is getting weirder and weirder by the minute.

Ricky: Mr. Wright! You need to go somewhere safe until the fighting is over with!

Majima: There's a manhole in that alley. Hide down there til the fightings over.

Phoenix: I dont think we have a choice.

Phoenix and Maya make it to a tanker when more BOWs show up.

Chris: More BOWs?

Goro: Crap, they came from under the tanker!

Just when I think the ace attorney is about to bite the dust, gunshots come from nowhere and hit the tanker causing it to explode.

Jill: What? WHo fired those shots?

It takes real skill to hit a tanker and not harm civilians. No one in the army could do that. But then I see Goro crossing his arms.

Goro: Just when I thought this curry wasn't gonna get any spicer. We got soldiers, Shinra and BSSA with the best fighter and lawyer around, but something was missing. A certain Je ne sais Kiryu. Ain't that rightâ€¦. Kazzy?

Out of the shadows came a man in a suit with a serious look on his face.

I recognize him from the filesâ€¦ that's the Dragon of Dojima, Kazuma Kiryu. He left out of the Yakuza game a while back. Why is he here?

Kiryu: And here I wanted a nice and quiet life.

Ricky: Two of the biggest names in Yakuza in one placeâ€¦ I dunno

whether to act or not.

Heihachi: Hmph. He just saved my Lawyer's life, only a coward would throw that away.

Heihachi then looks at me with deep thought.

Heihachi: You, boy. There's something about you almost in human. Were you the subject of the same experiment some assassin or mercenary was?

As Phoenix and Maya get out of the way, Kazuma gets some guns to goro.

Kiryu: I brought as much as I could, Majima.

Goro: Hell yeah. Now I can get back at them properly.

That's a standard anti-material rifle. He must know someone deep in the military or special forces.

Ricky: I dont know If hes up for this, but I know Kamochuro was special to him. If he's not up to fightâ€¦

Kiryu: No, I'll do it. For now.

Guess he's on board. Time for some action.

Chapter 2: Like a Dragon

Heihachi joins up with Goro and Kazuma and I change to Chris and Jill. This is a good opportunity to fight with some real special ops.

Battle Start:

Chris: USA military with the BSAA. This is new.

Ricky: Likewise. I need to do my best for my country.

Jill: Well, time to shut up and prove it.

Ready...fight

Chris and Jill attack with the same attacks they did last time. I then make my move!

Ricky: Military never surrenders!

I cut into the BOW with my sword and dash into it, throwing the sword up into the air and blasting it with my handguns before kicking the sword straight into it.

Ricky: Time to end this, monsters!

I fire my SMGs and kick into it.

K.O!

Battle end:

Ricky: Thatâ€¦ and everything else i do, is for my comrades.

Chris: Avenging fallen comrades. A noble way to fight.

Jill: But its ultimately a waste of time in the long run.

Kiryu and Goro-Battle start:

Goro: Just like old times, eh Kazzy?

Kiryu: I rather forget about the past.

Ready...Fight!

I see how well those two fight as they use their weapons with such accuracy and use their hand to hand skills.

Heihachi: Out of my way!

Heiachi suddenly leaps in and attacks with some of his moves as he crosses with the others.

Heihachi: I'll crush you where you stand! Ha!

He fires his Twin Hammer Volley and the monster goes down.

K.O!

Battle end:

Heihachi: Mob bosses like you must have a lot of combat experience.

Majima: Of course we do, dumbass! Better not mess with the Majima family!

Kiryu: I'm out of that world now. Not that I really wanted inâ€¦

This is crazy. Not only am I fighting with the King of the Iron Fist, but with a couple of Yakuza as well. I should consider turning them in once all of this is done with. But when I think about what Kyriyu has done because he likes this city outside the Yakuza, I change my mind. I'll let them go for now. But I hope they don't do anything too bad.

Bad? Oh, I forgot about Phoenix and Maya! I run over to the manhole and open it, but.

Ricky: They're gone!

Kiryu: Hmm. Looks like they went down the cursed manhole.

Ricky: Cursed? Seriously?

Kiryu: Yeah. Whoever goes down there ends up in hell.

It could've been worse. I read some files saying some stuff here is

linked to theâ€¦ Makai realm.

Xaiomu: Something up, ricky?

Ricky: I think I know where that hole leadsâ€¦ Demitri and Morrigan's territory.

Reiji: And how exactly would you know that?

Ricky: I, uhâ€¦ studied up on the Darkstalkers after Morrigan, Hsien-ko and Felicia were here for that Galactus crisis.

Chris: That case is top secret. A soldier like you should have no knowledge of it.

Ricky: Hey, the USA military has to be up and down on things, too. Nothing stays topâ€¦ yarg!

I accidentally slipped and fell into Makai. What the heck am I gonna find here?

3. Turnabout Family Reunion

We open back up to the Makai realm with Ricky.

Ricky's POV:

So this is the Makai realm.

I take and careful steps as I navigate around the poisonous puddles of the Makai realm.

A whole world full of Vampires, demons and whacked out fairy tales, and I found one of the front doors.

I hear noises as I get my gun and get into cover. At the drainage, I see a man with a red eye and white pants.

It's himâ€¦ that's Kazuya Mishima, Heihachi's son and a user of the dangerous devil gene. He's been on the blacklist for years. But what is he doing in Makai?

Kazuya: Finally, after years in here, I have mastered it. The Devil Gene.

New voice: So this is where you've been holed up.

I turned to see a boy who looks sort of like Kazuya but way younger. This must be Jin, his son.

Oh manâ€¦ two of the most dangerous fighters in the Tekken circuit, right at my feet. I can capture both and get a promotion. But question is, how do I do it without getting killed? Ah, to hell with it!

Ricky: Freeze!

Both Jin and Kazuya turn to me and stare right at me. I just signed my death warrant. Even with my weapons and abilities, these guys

could tear me apart like paper.

Jin: USA military. What do you want?

Ricky: Uh, put your hands up and come quietly?

I panicked.

Kazuya: You think you can order me boy?

He grabbed me by my shirt collar. This is it. I'm a goner.

My right eye glows again and I break Kazuya's hold and strike back.

There it is againâ€¦ that feeling like when Saya had me at gunpoint.

Jin: He's undergone the same procedures as Slade?

Kazuya: How interesting. A worthy opponent for the Devil Gene.

Jin: Enough talk, today's the day you die, Kazuya.

?: Not just yet, not until I get what I need to know.

Heihachi suddenly appears behind me.

Jin: Youâ€¦

Heihachi: I was right about you, boy. You can go against my son and Grandson with that power. Those stories of that assassin reading moves really were true. I should think about acquiring you from the military as a test subject for my group.

Ricky: And advance your drug? That stuffs a nightmare. No way in hell.

Kazuya: So, youre still after the Gene too? And you still want to arrest me, soldier?

Heihachi: It's the one thing I lack. Who else would want it?

Kazuya: Then come and take it. Though it won't be easy.

Jin: I couldn't have asked for a better chance. Time to take the Mishima bloodline all out at once!

Jin's right. All he wants is to get rid of his predecessors.

Ricky: I cant mess this up. I'll take all three of you out!

We charge at each other before these bee things show up. Great, Q-bees. We go back to back and get into poses. Yet another thing I would not have expected, me fighting a bunch of human sized bee girls.

Qbee: Oh. I sense a lot of energy from that boy.

They all seem to be interested in me because of my abilities. Then I

see the others show up.

Reji: Found you both, and with the other Mishima's too.

It was at this point that a man in regal clothing, a woman with bat wings and Phoenix and Maya came from the castle nearby.

Woman: What's all this noise outside my castle? Oh, it's just the people I met last time.

Morrigan Aensland. One of the three noble householders of the Makai realm. A succubus.

Man: Disturbing the sanctity of the night, and the contest with Aensland over this ream. How unfortuitous.

Demitri Maximoff too? I forgot they were rivals. Demitri is another of the noble house holders. A vampire from Romania.

Phoenix: Uh, hi guys. Guess you know how we ended up here.

Heihachi: Good to see Mr. Wright in one piece. He can die after my trial.

Phoenix: O-of course.

Suddenly more monsters appear with this girl in a red hood, almost like little red riding hood.

Girl: Oh my. It looks like all of my targets are here in one place. Very wonderful for me.

Morrigan: Oh, she's the last one I expected to be down here.

Girl: Prepare to die, lawyer!

Whoa, that girl went from cheery to murderous! Wait, I've read a report about someone like her. Baby Bonnie Hood, an assassin and a Dark Hunter.

Ricky: Hey, BB Hood? Shadaloo sent you down here, didnt they?

BB Hood: What makes you say that?

Jill: Those are shadaloo BOWs. It's not rocket science.

BB Hood: Okay. I was hired as an assassin. I'm here to kill one Phoenix Wright.

Phoenix wright: Me?!

Damn Shadaloo. Bison would go this low as to hire an assassin to make sure Heihachi took the fall? Despicable.

Phoenix's POV

An assassin out to kill me? This'll make it hard for the others to fight while protecting me and Maya. On top of that, they cant keep me safe.

Morrigan: So basically, you need a way to keep yourselves safe. Hmm. Maya, give me that object you have.

Maya: My Magatama? What about it?

Morrigan: I'm going to infuse it with some spiritual power, then you state what the power of it should do after so.

That sounds familiarâ€¦. Wait, I got it! Pearl did something to it on a case a while back. She charged it with spiritual energy. That's how I could see those Psych-locks all the time.

Morrigan: Just wish for what you want first.

Maya: I wanna be tough like the Steel Samurai and Pink Samurai and I want Nick to lay enemies flat with a big old OBJECTION!

Phoenix: You sure that's the right way to wish?

Still, it works, Morrigan expands the energy of the Magatama and we both feel different somehow. The sensation almost feels like the crossover when my skills were useful in those fights.

Reiji: I guess now they can keep up in a fight.

Ricky: But that also means rivals have to work together. Demitri and Morrigan as well as Kazuya and Jin.

Jin: Fine. Just try to keep up, old man.

Kazuya: I was going to say the same thing.

BB Hood: Not running away? I guess this makes it easier. Just try to stand still, okay?

Ricky: Why would we do that?

BB Hood: The Better to chop you, my dear!

Ricky: Walked right into that oneâ€¦ you ready, Mr. Wright?

Phoenix: I dont think I have much of a choice.

Right now, I dont have anything to prove Heihachi innocent. And I have to gather evidence while evading this psycho. But I cant turn away. Somehow I gotta get through this, me and Maya. Besides, I still have a case.

Chapter 3: Turnabout Family Reunion

Maya and I decide to stay with morrigan and Demitri as we go in already.

Battle start:

Phoenix: Objection! Vampires cant survive in sunlight!

Demitri: Hold it! My aura protects me.

Morrigan: Well, Mr. Wright? Care to try again?

Ready...fight!

For rivals of the realm, they sync up quite well. Maya and I were called in after one attack. Guess its our turn.

Phoenix: Dont let up!

We both attack at the same time. I break a psych-lock that breaks the bee's guard and maya hammers it. I think I also saw the Steel and Pink Samurai in there. I shout 'Hold It!' Then me and Maya pull both our hands back.

Phoenix: It's time...

Maya: Turnabout time!

OBJECTION!

K.O!

I dont know how that happened, but we actually did it.

End Battle:

Demitri: That's that. Youre next, Morrigan

Morrigan: Hey, If youre looking for one-on-one action, I wouldnt complain.

BB Hood: What? No one told me he could do that!

Reiji: Well, someones a little slow on the uptake. Ricky, think you can take her with Jin and Kazuya?

Ricky's POV
>Me, with Kazuya and Jin? Basically asking if I could try my luck at taming two wild tigers who could rip me to pieces. But, it's either that or having Little Red Crazy Hood have her fun at shooting me up. I think the tigers win this round.<p>

Ricky: You can count on me for that.

Battle Start:

Jin: The two of you better not try anything.

Ricky: What? Youre not even listed as Military threat.

Kazuya: I will murder you both if you get in my
way.

Ready...fight!

Despite their threats, they actually pull this off. Let's just hope I dont mess it up.

Ricky: Moving in!

I slash with my sword and fire my sniper rifle to mix things up,

dashing into BB hood and preforming the rest of my attack.

Ricky: This is how I do it in the USA!

I fire my machine guns and kick that girl, but she has still some health left.

Ricky: No, its not enough! Huh?

Special move- Fated Combination

Kazuya ran into the fray and began punching the heck out of BB Hood before Jin tagged in and continued with Kazuya landing a few more. The two then stared at each other before pulling their fists back, which both hits BB Hood at the exact same time. The shock wave from the collison was so powerful, it blew back the entire landscape itself.

K.O!

End battle:

Ricky: I cannot believe I just saw those two work together.

Jin: We don't work together. Its just a cooperation.

Kazuya: Yes. Once this is over, I will kill you, Jin.

Everyone just stared at the gaping hole where BB hood was, and the damaged landscape.

BB Hood: Ugh. No fair. Guess this is my loss. Oh well. Guess I'll have to kill you all another time.

She then teleported away.

Ricky: Well, that wasâ€¦ comforting. I think.

Phoenix: Just glad she's gone. But now I have to worry about some little red murder hood going after me.

Ricky: And what Ouma wants with those chains.

Jin: I have something regarding that. I saw Saya and her new Ouma partner going for the chains in the city. Once they acquired them, they disappeared, the chains as well.

The chains are gone? Strange. Guess Ouma's already hard at work. But, I'm starting to feel a little strange. It was then that my body the vanished as did everyone else nearby. Why? I have no idea.

4. A summons to action

A girl with red hair in an teacher's uniform sat at a outside classroom. Meet Aty, experienced soldier now currently a teacher on the Island of Strays. She is a Summoner Knight, able to call many monsters to her aid, but there is also one other ability she hasâ€¦

Aty's POV

Well, I suppose now that the lessons are done for the day, I should be heading on...wait, I sense something. And it's happening near the summon gate. Something has come through it. Without warning, Shartos, my sword, activated on its own without any sort of warning.

Aty: Something must be happening, and it's coming from the ruins! I have to hurry!

I dash to the main summon gate and hide myself as I see a creature never seen before. He seems to be extraterrestrial with flames making up his entire body.

Extraterrestrial: So, the universe has decided to bring me back with these strange beasts? How interesting. As the supreme force, I command you to open!

He shouted those words to the gate and exploded into a pillar of flames for a moment. The entire ruins rumble as a group of people i have never seen before appears. THey must be from other dimensions.

Ricky: Great, now where are we? I've never seen a place like this before.

That boy in the front with the soldier outfit, he has something like me, enhanced abilities.

Ricky: Huh? Is that an alien over there?

Morrigan: Is that Pyron?

Demitri: Well, could it be anyone else?

Ricky: Pyron? The alien who came to the Makai and tried to conquer it a long time ago?

Morrigan: The very same. I suppose he wouldn't stay dead for long.

Pyron: The universe has given me another chance, Succubus. And with these creatures by my side, it shall be even more of a pleasure.

The gate activates again, sending three more people through. These are ones that I'm not familiar with.

Phoenix: Now a trio of ninja? What is up with this place?

Ricky: Wait, that one in the red scarf and the edged bladeâ€¦. No way, Strider Hiryu? He's from the future. Why is he here?

Reiji: And the one in black is Hotsuma, a ninja from the Shinobi agency.

Goro: And the Chick?

Ricky and Reiji: No idea.

Female: Hey! My name is Natsu, a kunoichi.

Ricky: Natsu? I remember some sort of female that went after these Soul Swords with that name and used the Great Curse of Arahabaki, but that was way back in theâ€¦.1600s!?

Maya: Past, present, and future ninja? Oh, that could make an awesome new show!

Hiryu: What's going on? Didnt we all go back to our own times?

Hotsuma: I stayed behind to gather intel, since it was my own time line.

Natsu: And I was tailing you. Hibana seems to have deserted us though. So it's just us three.

Just then, several robotic minions and a girl dressed like a martial artist appeared nearby them.

Hiryu: Tong Pooh!

Tong Pooh: Hiryu? I was supposed to get to my destination without you around, but then this happened.

Hotsuma: So that's who you were after.

Hiryu: Yes. She used to work for a tyrant until I slayed him. It's my mission to take out the last of his minions.

The gate activates again, sending another Ninja in.

Ricky: This is crazy! Somebody stop this thing!

He's right, I cant stay hidden and let the Evocation Gate go haywire!

I dash out from my hiding place and stand between all parties.

Ricky: Now what?

I quickly activate Shartos which allowed me to shut the gate off so I could stop the constant flow of summons.

Aty: There. That should stop the flow of summonings.

Ricky: What did you just do? Your hair turned white andâ€¦. Suddenly the whole thing stopped.

Aty: That is the power of Shartos, my sword. Now, I take it you all are from an entirely different world?

Ricky: I guess so. Nowâ€¦ about youâ€¦

Aty: Oh, my names Aty. I'm but a teacher here.

Phoenix: Can a teacher really stop a mass summoning of us and them?

Ricky: I dont think she's just a teacher, Mr. Wright.

Aty: Well, I use to be a soldier in the army before deciding to become a teacher.

Ricky: Told ya.

Reiji: Save the I told you so's for later. We need to quell this enemy threat before things get out of hand.

Pyron: How long are you going to stand there and quarrel?

Tong Pooh: I'll take on all of you. Better to take those in my way out along with Strider, then I will be able to see him once more.

Chapter 4: A Summons to action

Now I have to fight by these warriors sides. But, which group should I support? There are so many! I suppose I'll support the two important looking ones with guns. They're the only ones without a supporter.

Reiji: Seems like Aty's helping us out, Xiaomu.

Xiaomu: Swords and Magic go good together, after all.

Ricky: I suppose Heihachi, Mr. Wright and I will switch. Heihachi takes Morrigan and Demitri, Wright takes Chris and Jill and I take the Yakuza.

Goro: So, the army boy's with us? Sounds like a plan to me.

Kiryu: It doesn't matter as long as we get through this alive.

Battle start:

Kiryu: Would you arrest me, even though I gave up being a Yakuza?

Ricky: No. I would be letting down a bunch of kids waiting for their caretaker to get back.

Goro: We Yakuza aren't all bad, you know.

Ready...fight!

The boy with the Yakuza has amazing values. He goes in with weapons such as knives and strikes the enemies while the Yakuza use their fists as well as knives and flame throwers. Never have I seen such amazing combatants.

K.O!

Battle end:

Ricky: After this, I have to see whether or not all Yakuza are to be arrested on sight.

Kiryu: Keep in mind. I am no longer associated with the Yakuza.

Goro: And there are many bad versions of us out there.

As a teacher, I have to see all of them in action. The two other soldiers with that lawyer go next.

Battle Begin:

Jill: Here we go! Cover me with your occult power, Maya!

Maya: Don't worry, Phoenix and the Steel Samurai are here with us too!

Chris: So a lawyer, a medium, and a samurai walk into the bar exam...

Ready...fight!

The two soldiers attack with guns and explosives as the lawyer and girl attack with samurai warriors as well as their words. Is this how courtrooms on other worlds work? I'll have to further study this later.

K.O.

Battle end:

Jill: I had no idea Japanese lawyers were so amazing! Are they all like you?

Chris: If the courtrooms are anything like this, I don't know how they avoid catastrophic injuries.

Phoenix: Who said we avoided them?

Next would be the shinobi newcomers going against the new ninja that appeared from out of the gate last.

Battle Start:

Hotsuma: Commence operations.

Hiryu: Don't fall behind, Natsu.

Natsu: C'mon, we're all ninja here, right? Why you guys gotta be so friggin' stoic and crap? Lighten up, you're a badass ninja and-Hey! Come back here! I'm not done! Guys!

Ready...fight!

The ninja blindside the new ninja at amazing speed while attacking with their blades as well as robotic animals and curses. The girl, how everâ€¦

Natsu: Got no time to wait!

She rushes in with her shinobi sword, slicing away at the enemy before preparing to use some sort of curse on them.

Natsu: My moves take ass and kick names!

Slamming her swords down, waves of power burst up and attack. But even that's not enoughâ€¦ wait, what are the main two doing?

Special attack: Ragnarock

The one known as Hotsuma stabs the ninja and delivers a series of cuts. As he sheaths his sword, a cut activated, signaling Strider to move in.

Hiryu: Begone with the twilight

He executes a series of sword slashes before sending the opponent crashing down to the ground.

K.O!

End battle:

Strider: No place for amateurs.

Hotsuma: I cannot fall now.

The vampire and succubus I am familiar with due to their natures, as well as those three family members. They both take out the chinese girl consecutively, so I suppose it's my turn to help these two attack this Pyron menace.

Battle start:

Reiji: Hey, Aty, if you ever need help, feel free to give Xiaomu a summon.

Xiaomu: I am Xiaomu, the great Sage Fox! My incisors yearn to rend flesh!

Aty: Um... I'll pass. I'm not convinced she'll obey my commands.

Readyâ€¦ fight!

I wait as the two attack with what they have. After a few attacks, I come to help.

Aty: I've got my sword, and my summons!

I begin by attacking with Shartos while summoning my allies to assist in battle against this vile monster who has sullied the purity of my home.

Aty: I won't let you hurt anyone else!

I transform into my Shartos linked form and fired a large beam at the monster before pulling back. He isnt done, but then the two do the same thing as the ninja.

Special attack- Battoh-Ryu Defensive Art Shinra Bansho: Tenchi

The man attacked with his guns before the fox girl trapped Pyron inside a bubble of sorts, allowing the man to attack with swords and guns before they finished with a double slash.

K.O.

End battle:

Aty: Well, that wraps that up! Want to scrounge for food and throw together a snack?

Xiaomu: Ooh! I can take a mushroom and another mushroom and make a poison mushroom!

Reiji: Uh, how 'bout we just leave the cooking to Aty?

Pyron: Ugh, deny me what is mine for now, but know that I am far from giving up.

He vanished soon after saying those words.

Ricky's POV

Well that wasn't ominus at all, and it looks like we made a new friend and some enemies in the process. Suddenly, I hear ringing. My codec. HQ must be worried. I answer it.

Colonel: To anyone in the Alpha or Beta units, are you receiving me?

Ricky: Colonel, it;s me, Private Ricky Shaw. I copy

Colonel: Good. You're still alive. Listen, we need help. SHadaloo is making a move. M. Bison has been sighted.

M. Bison himself? What the heck is he doing in that city?

Colonel: Chun-Li has already gone in advance to apprehend him, but she needs backup. We need you.

Ricky: And Shinra.

Colonel: What about them?

Ricky: I recently had a run in with two Ouma agents, any of them look familiar?

I show the pictures of Saya and Sheath.

Colonel: Saya of Ouma? So she's back to her old tricks. The rabbit girl is new to me. Also, you should know, Juri Han has also been sighted in the same area. A recent report said that the Hazuki Dojo has been robbed of a priceless artifact. We believe her responsible.

Ricky: I'm guessing Ryo Hazuki is now involved. Guess that isn't much of a surprise. I'll be there fast. Ricky out.

Colonel: Good Luck ricky, you're the only agent besides Snake that can do this. Our world is counting on you.

Ricky: Got it.

I log off and look at the others.

Reiji: We heard everything. You're not doing this alone.

Ricky: I know. Aty, you can work the gate pretty well. Can you get us to Shibuya?

Aty: Yes. I'll come too. Shouldn't take much to get us there.

We teleport to Shibuya and see Bison with Saya and Sheath on top of the building.

Ricky: Bison!

Reiji: Saya and Sheath too. Are they working together on this?

Xiaomu: WHy did you yell Bison's name?

Ricky: I dunno why, but the Military's got a vendetta with bison. Killing Nash, all those times he's tried to conquer the world. Him and those dolls of his. I can't just let him keep doing as he pleases.

Forget a promotion, this is personal. I know Guile wants a crack at him, but this time I'm the one who's bringing him down, no matter what.

End file.
